Dear Friends:

We all want the best medical care for ourselves and our loved ones. At Indiana University School of Medicine, we are focused on training the next generation of top-flight doctors and making discoveries that transform the way patients are treated.

By making a gift to the Timothy A. Johnston Fund for Precision Medicine Research, you're helping to fuel this important work. On behalf of my colleagues and those we train, thank you for investing in our mission. But, more importantly, thank you on behalf of the patients here in Indiana and beyond who will ultimately benefit from your generosity.

Sincerely yours,

Jay L. Hess, M.D., Ph.D., M.H.S.A.
Executive Vice President for University Clinical Affairs
Dean of the School of Medicine
Walter J. Daly Professor
Indiana University
